

## South Windsor Electronic Waste Collection and Recycling Program

The State of Connecticut has adopted a new law enabling Towns to recycle household electronic waste at no cost. Residents will be able to conveniently recycle their covered electronic devices (CED) while the manufacturers will pay all costs for transportation and recycling.

The Electronics Recycling Program will involve quarterly scheduled collection events each year to be held at the **Town Hall, 1540 Sullivan Avenue on Saturday from 8:00 a.m. to 1:00 p.m. in the rear parking lot.**

### Dates

**June 11, 2011**

**September 10, 2011**

**December 3, 2011**

**March 10, 2012**

**June 2, 2012**

**September 8, 2012**

### What You Can Do

Look at the check list of electronic devices to the right. If you have any of these products in your home and don't intend to use them or give them away, please bring them to the Town's E-Recycling Collection at the South Windsor Town Hall in the rear parking lot.

Signs will be used to control traffic flow through the site; access to the site will be from Sullivan Avenue. The E-waste contractor will be on site to receive the E-waste directly from each resident (see map).

**Please visit us on the Web @ [www.southwindsor.org](http://www.southwindsor.org) for future scheduled collection events; or call (860) 644-2511, ext. 343 for more information.**
